CalvaryCareSM

*Compassionate, loving care
that we provide to our patients,
wherever we care for them.*

**CALVARY
HOSPITAL**

Where Life Continues

Since 1899, Calvary Hospital's mission has been to care for adult patients with advanced cancer and other life-limiting illnesses. We are the world's leading expert in palliative care.

CalvaryCareSM is compassionate, loving care that we provide to our patients, wherever we care for them. It means: managing their pain and symptoms so that they're comfortable at all times; caring for their emotional and spiritual needs as well; providing spotless facilities in the Bronx, Brooklyn, Manhattan and Queens; and often just being present for the patients and their families.

Wherever our employees deliver our signature care, their goal is to make sure that each patient has the best possible experience.

Message from the Chairman of the Board and President

Whether we deliver *CalvaryCareSM* at our four inpatient facilities or in hundreds of homes, we are dedicated to bringing our expert care to adult patients with advanced cancer and other life-limiting illnesses. We are equally committed to caring for families with the same love and sensitivity we provide to patients. We want to ensure that through the last moments in life for these patients, they are cared for and treated in a manner that their families would like them to be.

After many years of being affiliated with Calvary, we are often asked one question: "What's the secret to your reputation for patient care?" The answer begins and ends with *our staff*. They're the ones who:

- Work hand-in-hand with the families to ensure that we give their loved ones the care that they deserve;
- Rush over to the homes of our home hospice patients in the middle of the night;
- Show extraordinary kindness to our patients and family members;
- Prepare a patient's favorite foods because they know how much joy it will bring; and
- Keep our facilities spotless.

Our staff is experienced enough to work anywhere. Their dedication and commitment to our patients and families is the reason why we have been recognized nationally for consistently achieving the **99th percentile** for overall patient satisfaction. We are so fortunate that our staff choose to remain part of our family and help us maintain our reputation for *CalvaryCareSM*.

We are proud of several key milestones in 2016:

- Caring for more than 5,830 patients and families. This includes 2,890 at our facilities in the Bronx, Brooklyn and Manhattan and 2,940 hospice and home care patients;
- 15 years of *Calvary@Home*, the umbrella for our Home Care and Hospice program;
- 15 years of our 25-bed Brooklyn Satellite;
- 25 years of our bereavement support groups for children and teens ages 6-17;
- Calvary Fund raising nearly \$11 million for our programs and services, including nearly \$1 million at our Annual Awards Gala in November; and

Thomas J. Fahey, Jr., MD (left) and Frank A. Calamari

- Completing the restoration of a historic 135-year-old Torah Scroll on permanent loan from the Memorial Scrolls Trust of London. This very meaningful project allowed us to make many new friends for Calvary.

We could not accomplish all of this without the generous support of our Hospital and Fund Boards. Whether they are new or have served for many years, each board member brings his or her passion and unique strengths to help ensure that our signature care is available to those who need it most.

From the entire staff, our two Boards of Directors, volunteers and supporters, we are all proud to be able to make this last journey with our patients and their families. Wherever we deliver *CalvaryCareSM* to our many patients, we do so with the utmost sensitivity to their hopes and their faith backgrounds. We appreciate the privilege of caring for people at the most difficult time of their lives. We are well aware we have only one chance to do this right.

Thomas J. Fahey, Jr., MD
Chairman,
Calvary Hospital Board

Frank A. Calamari
President and
Chief Executive Officer

Jack Scalice

Senior Lieutenant for the Security Department

“Sometimes people do come to the front desk just to have somebody hear them out. They don’t have anybody to vent to about what they’re going through. Or what their loved one is going through. We listen and give feedback as to what we may have gone through with our own loved one who was very ill.”

*There is a **compassion** component that you need to have even though you are in a security role. We are often the first person that somebody encounters coming into Calvary Hospital. It’s important for us to show them compassion as they are coming in. A lot of times they are very upset, they’re almost kind of lost from the shock of what’s going on with their loved one.”*

Our Moral Compass

Calvary’s core values are compassion, non-abandonment, dignity and love. Our adherence to these principles has helped make Calvary an international model of palliative and end-of-life care. We envelop our patients and their families in a “community of care.” We care for the whole person.

We are much more than just a place that provides medical care. Whether we hug our patients and families frequently, stay by a patient’s side all night, or update family members regularly, Calvary employees understand the importance of what they do each and every day.

We understand that this is the first and only time that our patients will be making this journey. Our staff makes this journey with patients and their families. However long we care for these patients, we know that it is our responsibility to make each day as comfortable as possible for them. We don’t abandon them when they need us most.

Our commitment extends to providing trained pastoral care – from all faith traditions – tailored to each patient’s needs and to the needs of family members.

The Inpatient Experience

Calvary cares for patients at our 200-bed facility in the Bronx, our 25-bed Brooklyn Satellite at NYU Lutheran, The Dawn Greene Hospice at Mary Manning Walsh Home in Manhattan, and Ozanam Hall in Queens.

As soon as our patients are admitted, our goal is to get them settled and comfortable. Our patients are housed in private rooms with shared bathrooms. However there is one double room in the Brooklyn Campus. Telephone and TV service are provided at no charge.

Within the first few hours, our patients meet their entire team of caregivers who will be with them during their stay. This includes their doctor, nurse, Calvary Care Technician, family care practitioner (social worker), spiritual care provider and dietitian.

Our nursing department, comprised of registered nurses, nurse practitioners and Calvary Care Technicians, is an important reason why Calvary is world-renowned for its patient care. CCTs have in-depth education to maximize the patient care experience. Whether they have spent their entire career at Calvary or have come to us after working at other hospitals, our staff members want to be here caring for our patients.

We encourage family members to decorate patients' rooms with personal mementos that are meaningful and soothing to their loved ones. When we find out things that can make our patients feel more at home such as a favorite dessert, music, or religious customs, we often take the initiative to make them a part of the patients' stay with us.

Kalmalee Golden, RN

Registered Nurse

*"I have learned so much from my patients. I encourage patients and family members to tell me what they need. Nothing is too small to tell me. **Being here for people during their end-of-life journey and helping them transition is very important to me.**"*

Hugh McLaren

Senior Cook

“Putting all these meals together for the patients. It’s a joy. I feel good knowing that what I’m doing for them will make them feel much better. I’m working here for 28 years and I have never called in sick. Rain, snow, shine, blizzard – I have to be there. There’s nothing that can stop me from being here for these patients.”

Jane Madio, RN

Director of Clinical Operations for Calvary@Home

“We are on call to speak with family members at all times and assist them through any crisis. One of the most important things we do with the Calvary@Home program is strive to keep our patients comfortable in the place they want to be. It often involves working with the families closely. We support our families and teach them how to care for their loved ones. It is their love and support that gets the patients where they are.

We sit and listen to them and really hear what they have to say. It’s our mission to be able to help them with interventions and services that they need so they can provide the best care for their loved ones.”

Stefan Benkowski

Calvary@Home Music Therapist

“Music therapy can help the patients where they need it most. Music is so emotionally connective, just engaging with music with someone can bring out a lot of emotions in different ways – in both directions. And that’s part of what’s beautiful about music therapy.”

Patients select their meals from a daily menu. If requested, the Nutritional Services department is happy to accommodate special requests, at no extra charge. We realize how special certain foods are to our patients, since a dish may evoke happy and comforting memories.

Unlike other hospitals, we encourage visitors at any time – including pets. People who wish to stay overnight may do so in the patient's room or in several rooms on the premises – at no charge. We understand that when a loved one is near the end of life, making it easy for family and friends to visit and be present is a simple yet important thing to offer.

Our Brooklyn Campus

Since opening our 25-bed Brooklyn Satellite in 2001, this Campus has cared for more than 5,000 inpatients and their families. In this vibrant borough, Calvary has also brought our unique care to thousands of home care and hospice patients; provided bereavement support to hundreds of adults, children and teenagers; and educated many people on how to obtain quality end-of-life care for themselves and their loved ones.

CalvaryCareSM in Your Home

Calvary@Home is comprised of our comprehensive home care and hospice services to patients at home who are suffering from advanced cancer or other chronic and acute terminal illnesses, who live throughout the metropolitan New York area.

- Home care is available in all five boroughs as well as Westchester, Rockland, Nassau and Putnam counties; hospice services in the Bronx, Brooklyn, Queens, and Manhattan, and Nassau, Westchester and Rockland counties.
- Calvary partners with more than 25 nursing homes in Brooklyn, Manhattan, the Bronx and Westchester, Rockland, and Nassau counties, to provide hospice to their residents.
- At The Dawn Greene Hospice (TDGH), under the supervision of Calvary@Home, the Hospital provides short-term inpatient care for Manhattan residents. Since opening in 2013, TDGH has cared for more than 500 patients at this 10-bed facility.
- Our newly established partnership with Ozanam Hall in Queens allows us to now offer an inpatient level of hospice care there. Under the skillful leadership of the Carmelite Sisters, Ozanam Hall provides Short-Term Rehabilitation and Skilled Geriatric Care for 432 residents. Calvary provides care in 6 beds at this time.

Wherever we care for a Calvary@Home patient, the quality of care is the same top standard for which we are known across the country and around the globe.

Our Holistic Approach to Patient Care

Social workers play an integral role in the lives of our patients and their families. To reflect this, Calvary renamed this department **Family Care**, and the Department's caregivers are **Family Care Practitioners**.

The Family Care Practitioner helps to identify what support the family needs and to ensure that they get it. This is the person family members are encouraged to contact whenever any issue arises. Every member of this department has a Master's degree in

Social Work and advanced end-of-life training. They choose to be here, working with people in one of the most intimate and difficult times in the life of any family.

For more than a decade, Calvary's **Family Care Center (FCC)** at the Bronx Campus has served thousands of adults and children. It offers people a respite from the emotional turmoil that can exist on the patient floors, the opportunity to check email, read a newspaper, get a manicure or a cup of coffee, or simply gather their thoughts. **No other hospital puts as much time and effort into caring for the family as Calvary does.**

Spiritual Care

Most hospitals employ just a handful of chaplains for their patients. Spiritual care is so valued at this Hospital, we employ 30 full-time chaplains. They are available seven days a week to care for the spiritual needs of patients and families.

Chaplains lead worship services regularly at our interfaith chapel in the Bronx, visit the Brooklyn Campus and provide individual counseling. They also perform sacraments and other religious rituals.

A Spanish-speaking ministry is available upon request. Spiritual care providers are also dedicated to caring for the spiritual needs of Calvary@Home patients, wherever they are receiving our care.

For chaplains interested in professional education, Calvary offers an accredited 20-week, 400-hour Clinical Pastoral Education (CPE) Program, the country's only one that provides students with hands-on experience with terminally ill patients.

Stephanie Mastropaolo, LMSW

Family Care Center Coordinator

*“The social workers here provide **emotional support** for the family up on the unit. Down in the Family Care Center, I’m here as additional support for the families. I provide crisis intervention as well as emotional support.*”

I think what’s beautiful about the work that we do here is that we do build relationships with families. They come back to visit us. While we see a lot of death and pain and sadness, we also see a lot of love. And the commitment of families to each other which is so beautiful.

*The staff here embody the mission of Calvary – to provide **comfort, compassion**, to make sure that people have **dignity** at the end of their life.”*

T.A. John Thoonumkaparambil

Lead Chaplain

*“You have any number of patients who need your help and your presence – unconditional, **compassionate presence** which is non-judgmental. They need you there with them as they struggle to cope with their lives and their pains and their struggles as well as their joys.*

*Working with patients as well as the families has helped me to be a better person by being aware of what’s going on within me as I meet with them. It has helped me to be more **forgiving**, more **giving**, more **generous** with my time.”*

The Jewish Community

- Jewish patients and families can look forward to amenities such as: kosher food, a daily visit from one of three Rabbis, a Kosher Hospitality Room for families seeking a Kosher meal, dedicated Shabbos Lounge, Kabbalat Shabbat service, and celebrations of all major holidays.
- Since 2012, Calvary has partnered with Yeshiva University/RIETS, National Association of Chevra Kadisha (NASCK) and other organizations to educate people about how to access excellent end-of-life care in accordance with Jewish law (halakha).
- In 2016, the Hospital completed restoring a historic 135-year-old Torah scroll. It can now be used in religious services. This project appealed to people of all faiths and across the diverse Jewish community.

Bereavement Support

Calvary first began offering bereavement support groups more than 25 years ago. Today, two dozen groups for adults, children and teens meet regularly in the Bronx, downtown Brooklyn and Manhattan. A Calvary connection is not necessary to participate in any of our free bereavement support groups.

Calvary’s adult groups are organized by one’s relationship to the deceased. Thus, there are groups for bereaved spouses, adult children, parents, siblings, etc. There is even a group specifically for men and one conducted entirely in Spanish.

Our children's bereavement program includes:

- Precious Moments groups – for school-age children ages 6-10;
- Tween group for children ages 10-12 and teen groups – for ages 13-17; and
- Calvary's Camp Compass®, a week-long summer day camp for grieving children and teens. Our partner, Kingsborough Community College, has been the home of Calvary's Camp Compass® for the past several years.

The Hospital shares its expertise with an annual 10-week bereavement course for funeral directors and mental health clinicians featuring various Calvary experts, and a four-week "Mentors through Mourning" program for school teachers and school guidance counselors. These courses take place at the Hospital's Bronx Campus and at a convenient location in downtown Brooklyn.

Therapeutic Recreation

Every day, there is a hospital activity planned especially for patients such as ceramics, flower arranging, bingo, or music. We also coordinate monthly visits by Juilliard students, a monthly patient birthday party, and holiday barbecues on the Hospital terrace.

For many patients, these activities may help them regain a sense of normalcy of what their lives used to be like before their illness progressed. We know that whatever activities they choose to attend, our patients get a great deal of joy and comfort from therapeutic recreation.

At Calvary, we consider it our duty to help our patients enjoy what time they have left and to understand why we say that Calvary is the place "where life continues."

Palliative Care Institute

In 1985, the Hospital established the Palliative Care Institute to help educate health care professionals about how to provide the best end-of-life care to patients. Since then, it has welcomed thousands of physicians, nurses, social workers and other health care professionals from dozens of countries for visits ranging from a day to a few months.

In 2005, the NIH's National Cancer Institute designated Calvary "an international leader in palliative care" and invited us to participate in the Middle East Cancer Consortium (MECC). Comprised of the national ministries of health from Egypt, Turkey, Israel, Cyprus, Jordan, and the Palestinian Authority, MECC members have visited Calvary regularly over the past decade.

Annual visitors to the PCI include health care professionals from coast to coast as well as 800 students, residents and fellows from throughout the greater New York area. The students include EMT members training to become paramedics for the Fire Department of the City of New York.

Raman Mohabir

Bereavement Counselor

*“My biggest challenge is to normalize the feelings that grieving adults and children have – When will my life get back to normal? Why did this happen to me? Can I laugh and be happy? We have **compassion** for every person who comes to us, whether they’re patients, family members or someone without a direct connection to Calvary.”*

Eddie Gorman

Coordinator of Therapeutic Recreation

*“You’re challenged every day. Patients come in with a wide variety of things they want to say or do or feel. I want patients to know we are going through this journey with them. I want to hold their hand and let them know that at the end of it, we’re all here together. The mission here at Calvary is **self-respect, dignity, non-abandonment, love**. I think we are able to provide that through therapeutic recreation.”*

Carmela Aiese, RN

Hospice Nurse

*“You become a nurse to help people get better. I don’t think it’s the type of job you can go to day-to-day and not feel for what you’re doing. In Hospice we’re helping people to die **gracefully, comfortably, peacefully**.”*

*I guess the most satisfying thing about working at Calvary is getting to meet so many families, we really have the opportunity to touch a family, to make somebody’s life better, and make somebody’s death better. I think that the employees, the medical staff, all the employees at Calvary have a very high standard of **commitment and compassion**.”*

Jodian Savizon

Calvary Care Technician

“Our core principles of compassion, dignity, love, non-abandonment are human rights. My goal is to make every one of my patients feel like they’re the most important person.”

Nathalie Auguiste

Housekeeping

“I am very proud of my work here. Family members and staff are very grateful for all that I do. Family members often thank me for taking the time to listen and for caring.”

Volunteers

Calvary’s reputation for the best end-of-life care would not be possible without the hundreds of dedicated people who volunteer regularly for us. Volunteers at the Bronx or Brooklyn Campuses often transport patients, assist at mealtime, sit with anxious patients, and help with bereavement calls to family and friends. Volunteers with Calvary@Home can often be found providing companionship to our patients and offering a respite to their caregivers.

Many volunteers are fluent in many languages or have knowledge of different cultural practices. These skills are a huge plus for a place like Calvary that accepts patients of every religious and ethnic background.

To support our unique mission with a tax-deductible gift to the Calvary Fund, visit our website, www.calvaryhospital.org, or call 718-518-2077.

Message from the Executive Medical Director

It's hard to believe that I have been with Calvary since 1963. In that time, a lot has changed in healthcare. I am relieved that one thing that has *not* changed, is the caliber of employee that we continue to attract.

This year's annual report spotlights employee all-stars across departments. I would like to share some of my favorite memories:

James E. Cimino, MD When Jack first joined the Calvary staff in 1962, we were known as the "House of Calvary." A year later, he asked me to come "just" to help out for a weekend. After Jack became Medical Director in 1968, we worked together over the next few decades to help make Calvary an international model of palliative care while revolutionizing the American hospice movement. Jack created our Palliative Care Institute in 1985. He taught the Calvary model of "high-touch" patient care to thousands of local medical students and post-doctoral fellows as well as health professionals from around the world. Until his death in 2010, Jack was a beloved figure to the entire staff, inspiring them all with his work ethic and caring.

Lucy Hernandez MS, APRN, NP-BC Lucy started at Calvary more than 40 years ago as a volunteer. She quickly became a Calvary Care Technician and made outstanding patient care her priority. When Lucy decided to become a Registered Nurse, CHP and then a Nurse Practitioner, she successfully balanced work, school and motherhood. Throughout her career, Lucy has been a terrific role model and advocate for the 75 employees who work on the 3rd floor at our Bronx Campus.

Mary Paige, CCT In the 1960s, we created a program for Calvary Care Technicians to help ensure that our patients would receive the best possible quality of life while under our care. Mary was one of the first graduates of this signature program. During her tenure here, Mary became a legendary and respected CCT instructor. Under her watchful eye, this program graduated over a thousand professionals dedicated to delivering the best possible patient care.

Frances Pringle, CCT This employee embodied the culture of Calvary which could be learned by merely observing her during her daily chores. For Frances, her work was not a chore but an expression of her love for God. I miss you Fran and so do we all and will forever.

Meviar Smith, CCT During her 28-year career here, Meviar was a role model for our employees. A long-time Cancer Care Technician Instructor who loved her work and loved life. Despite her own health issues, including the loss of one of her legs and her eyesight, Meviar arrived at work every day, even in inclement weather, ready to take on the world. When she passed away in 1987, we created the Meviar Smith Humanitarian Award to honor her memory and keep her spirit alive.

Michael J. Brescia, MD

Patricia Tennell, PhD, RN There could never be a Brooklyn Campus without Pat Tennell, my soulmate standing alongside of me. Her sacrifices and intelligence made all things possible at Calvary Hospital. I love her dearly and always will.

As I reflect on my own 55-year career here, I could have left many times for more lucrative and prestigious opportunities. Once I started working here, I discovered what many employees have discovered – when you look into the faces of our patients or speak to family members, they truly appreciate the loving tender care that we give them every single day. It's hard to top that incredible feeling of gratitude that we receive so frequently.

Our staff's dedication and commitment to the best patient care is the reason why we continue to receive national recognition for being in the **99th percentile** for patient satisfaction. That consistent result is no accident.

Stand with us and pray with us. Without your support, there's no way that we can continue providing *CalvaryCareSM* to so many patients and families.

Whether you're thinking about making a gift for the first time or making a larger gift, I urge you to help ensure that any person who needs our expert end-of-life care will always be able to receive it, regardless of their financial resources.

Thank You and God Bless You!

Michael J. Brescia, MD
Executive Medical Director

CalvaryCareSM is:

Making sure our patients are comfortable at all times, wherever we care for them;

Getting patients the ice cream, meatloaf or other dishes they may want;

Listening to family members and addressing their concerns promptly; and

Treating all visitors with the respect that they deserve.

Message from the Calvary Fund Chairman

Dear Friends,

It is a pleasure to thank you for your generous support of Calvary's mission of compassionate, comprehensive care for those near the end of life, and care for the loved ones of our patients. As Chairman of the Calvary Fund, I am deeply moved, time and again, by the outpouring of support from donors who have been giving to Calvary for years on end, and also from those who gave for the first time in 2016. So many family members describe our caregivers as "angels." Every one of our angels has a guardian watching over him or her, and you are that guardian. Whether you made an outright gift or included Calvary in your estate planning, your philanthropy has made a real difference for those who turn to us at a critical time in their lives.

In 2016, the Calvary Fund Board of Directors began an effort that will be ongoing, to grow Calvary Hospital's culture of philanthropy. The objective of this effort is to increase Calvary's capacity to serve all who seek our care, and also to place Calvary at the forefront of education and resources relating to palliative and end-of-life care throughout the metropolitan area, the nation, and the world. Through the Palliative Care Institute, Calvary has gained recognition by the National Institutes of Health as an international leader in palliative care education, and we are proud to have clinicians from across the globe visit Calvary, for periods ranging from a few days to several months, to observe our care. As this effort continues, our friends can expect to hear more about CalvaryCareSM, and about the development of strategic plans that will increase our leadership in the fields of palliative and end-of-life care. We look forward to sharing additional information about how you can assist us in strengthening Calvary's culture of philanthropy.

As you read through this Annual Report, please know that your imprint is on every page, just as your impact is felt across Calvary's entire care continuum. We could not provide our special care without you. You inspire Calvary's leaders and caregivers, and you enable them to sustain Calvary as a place of hope – a place "where life continues."

Thank you.

Thank You to Our Donors

The donor listing acknowledges gifts and pledge payments of \$500 or more received by Calvary during the period January 1, 2016 through December 31, 2016. We regret that space limitations did not allow us to list every gift received, but assure you that every donation, of every size, has contributed to the care of our patients and their families. Thank you all for your generosity.

If we have made an error in spelling or omitted your name, please accept our apology and call the Calvary Fund office at 718-518-2077 so that the error can be corrected.

The Calvary Fund, Inc. Report

2016: An Overview of Our Fund-Raising Year

In 2016, the Calvary Fund raised nearly \$11 million in gifts and new pledges, to support and advance the mission of Calvary Hospital.

Carlos M. Hernandez, the Chairman of the Calvary Fund, oversaw a successful 2016 Awards Gala, which raised nearly \$1 million. Mr. Hernandez's friend and colleague, distinguished financier Henry A. Fernandez, was awarded the Calvary Medal at the Gala. In accepting his medal, Mr. Fernandez said, "It's humbling to see so many people for so many years and decades that have dedicated their lives, their passion, and their energy to the care of others at the last stage of their life. I believe that if you help others, somehow, somewhere, others will help you,

Henry A. Fernandez (right) receives the Calvary medal from Carlos M. Hernandez, Chairman of the Calvary Fund. After receiving the medal, Mr. Fernandez remarked, "People pass through the doors of Calvary Hospital to face their destiny. It helps people face that with respect, dignity and mercy. We have the power and the ability to help Calvary which helps others meet the end of their lives in a dignified way."

* Deceased

will help your relatives, will help your children, will help your neighbors and your friends." Mr. Fernandez, with his personal gift of \$100,000, certainly advanced the mission of Calvary Hospital.

A Calvary Fund Director and his wife made a challenge grant of \$100,000, and our friends stepped up to the plate to match it. We raised a total of \$247,261, bringing the value of the challenge to \$347,261. Challenge grants can be tremendously effective in raising significant funds in a set period of time, and we are grateful to our Director for partnering with us in a way that more than doubled his and his wife's initial gift.

The ten beds of The Dawn Greene Hospice, Calvary's inpatient hospice in Manhattan, have been filled almost since it opened in fall, 2014. We are grateful to the Jerome L. Greene Foundation, whose grant of \$4 million funded construction and equipment of this beautiful facility. Now, Calvary has reached an agreement with Mary Manning Walsh Home, where The Dawn Greene Hospice is located, and its parent, ArchCare, to expand The Dawn Greene Hospice from its current capacity of ten private rooms to a total of 18 rooms – all private. Once again, the Jerome L. Greene Foundation has pledged support for this significant expansion. We at Calvary thank Christina McInerney, President of the Jerome L. Greene Foundation – and Mrs. Greene's daughter – for her ongoing support of our special mission.

Another valued friend to Calvary is Joseph Cairo, who has never forgotten the care we gave his beloved wife, Pat, more than 20 years ago. Joe and his family established the Pat Cairo Family Foundation, whose cumulative giving now totals

Christina McInerney, President of the Jerome L. Greene Foundation – Mrs. Dawn Greene's daughter.

Joe Cairo (seated) and his three children (Lisa, Michael and Shane) with several Calvary nurses in one of the renovated nurse lounges at the Bronx Campus.

Below: Joe Cairo with Cathy Kalinski (left) and Mary Schnepf, two nurses who helped care for his wife, Pat, when she was a patient 21 years ago.

more than \$2 million. In addition to his generosity, Joe has advocated for our care in the halls of the New York State Assembly, which passed a landmark End-of-Life bill in 2000, which has assured access to our care for countless patients and families. In 2016, the Pat Cairo Family Foundation awarded a grant of \$100,000 for Calvary's general operations, and an additional grant of \$50,000 to renovate lounges for our nursing staff.

The RTS Family Foundation has also been a steward of Calvary's wound care. In 2016, RTS renewed its support, in the amount of \$190,000, for inpatient wound care. This grant includes support for nursing education, which will enable Calvary to transmit our expertise in wound care to new generations of Calvary nurses.

Bereavement support, like a number of Calvary services and programs of care, is not reimbursable by private or government insurance. We are grateful to Newman's Own Foundation, which renewed its grant, in the amount of \$150,000, for our robust bereavement support for young children, "tweens," and adolescents, including our week-long bereavement camp, Calvary's Camp Compass®. Others who support these programs include the **Robert Mize and Isa White Trimble Family Foundation, Atalie's Hope, the Y. C. Ho/Helen & Michael Chiang Foundation** (which also supports Calvary's Palliative Care Institute), the **Charles A. Mastronardi Foundation**, and many more.

Calvary's direct mail program, an important part of our overall external relations activities, raised more than \$1,700,000, from nearly 20,000 donors.

Our leadership donor group, the Storrs Society, recognizes everyone who has given \$1,000 or more. The Storrs Society, with several hundred members, is named for Calvary's esteemed and visionary founder, Annie Blount Storrs.

Calvary's Professional Advisors Council

Our Professional Advisors Council is a group of trust and estate attorneys and financial and investment managers who serve as ambassadors for Calvary through their contacts with other professionals and with their clients. In 2016, Michael J. A. Smith completed his first full year as Chairman of the PAC. Mr. Smith also serves as a Director of the Calvary Fund.

The bequests we receive every year enable us to maintain the high standards that define *CalvaryCareSM*. In 2016, we received a total of \$4,169,854 from 42 estates. Bequests reflect the foresight and thoughtfulness of numerous patients, families, and friends. It is a credit to the hard work of our PAC (see list, page 21), who help us identify individuals for whom Calvary is the right place for them to leave a legacy.

Legacy Gifts in 2016 Included:

\$1,800,000 Bequest from the estate of Lucie Grant Steinmann. This significant bequest is the first from Ms. Steinmann's estate. Another significant distribution is expected in 2017, as the estate is settled.

\$950,000 Bequest from the estate of Dorothea V. McGivney, for research;

\$446,891 Bequest from the estate of Jutta Tannhauser, for the general care and programs and services of the Hospital;

We are grateful for the support we receive for our bereavement support program for young children, "tweens," and adolescents, which includes Calvary's Camp Compass®.

At the Torah Dedication celebratory event more than 80 people enjoyed refreshments, singing, and dancing.

Below: The historic 135-year-old Torah being restored.

- \$200,000** Bequest from the estate of Mattie Schottenfeld, for the general care and programs and services of the Hospital.
- \$103,727** Bequest from the estate of Deirdre P. Hart, for the general care and programs and services of the Hospital; and

The Society of 1899 was established to acknowledge and recognize those who have made a commitment and have informed us of a bequest, planned, or other deferred gift to Calvary as part of their estate planning. Individuals can join the Society of 1899 in a number of ways, including leaving a bequest in a will and making other planned and deferred gifts. As of December 31, the Society of 1899 had a total of 311 members (see list, page 22).

Completing A Historic Initiative

On November 9, 2016, Calvary completed a year-long initiative, begun on Veteran's Day, 2015, to restore a unique Torah that, since 1987, has been on permanent loan to the Hospital from the Memorial Scrolls Trust (MST) of London. Our Scroll, MST No. 515, dates from 1880, and is one of more than 1,560 that were rescued by the Trust after the Holocaust.

At the celebratory event on November 9 (the anniversary of the 1938 Kristallnacht pogroms that took place throughout Germany), more than 80 people enjoyed refreshments, singing, and dancing. Michael J. Brescia, MD, Calvary's Executive Medical Director, led a joyous procession from the Patient Activity

Center to the Chapel, where the renewed Torah was placed in the Ark that is its home. We are grateful to the Charles R. and Winifred R. Weber Foundation for its generous early support, which came to Calvary through the good offices of Professional Advisors Council member Daniel J. McSwiggan, Esq., and to the 210 individuals of all faith traditions who raised more than \$110,000 toward this exceptional project.

2016 Calvary Fund Events

Calvary's Awards Gala: As noted above, we are grateful to Henry A. Fernandez, whose gift of \$100,000 helped move the Awards Gala close to the \$1 million mark. We thank the Fund Board Chairman, Carlos M. Hernandez, and his wife, Claire, and the entire Fund Board, and all of the approximately 400 people who attended the Gala and provided the individual and corporate support that contributed to the success of this uplifting event, held at The Pierre on November 14.

Eyewitness News anchor Sade Baderinwa of WABC-TV served as Mistress of Ceremonies. She introduced Rev. Eric P. Cruz, MDiv, MNA, Pastor, Catholic Charities Bronx Regional Coordinator, pastor of St. John Chrysostom Church, and a Director of Calvary Hospital, who gave a beautiful invocation, and she welcomed Mr. Calamari to the podium. Dr. Fahey, Chairman of the Board of Calvary Hospital, also welcomed guests. Mr. Hernandez presented the Calvary Medal to his dear friend and colleague, Henry A. Fernandez, Chairman & CEO of MSCI, Inc.

Sade Baderinwa of WABC-TV was Mistress of Ceremonies at Calvary's Awards Gala.

PAC member Bonnie Brennan, and Tash Perrin, Christie's Trusts, Estates & Wealth Management Services, at Calvary's Annual Planned Giving Donor Reception at Christie's.

Below: Sapphire and diamond pendant – one of Christie's "Magnificent Jewels" at the private viewing they hosted for the Planned Giving Donor Reception.

Mr. Fernandez spoke graciously about Calvary's mission and how humbling it is to meet so many people who have dedicated their lives to the care of others at the last stage of their life. The evening included a performance by World Series Champion and New York Yankee legend Bernie Williams and his All-Star Band.

We are deeply grateful to the Awards Gala Co-Chairs, Journal Co-Chairs, and the Calvary Fund and Calvary Hospital Boards for their tireless efforts in making this event a great success.

Annual Planned Giving Donor Reception at Christie's: We thank PAC member Bonnie Brennan and Tash Perrin, of Christie's Trusts, Estates & Wealth Management Services, for hosting this event, on Monday, April 18. Approximately 150 guests attended the program, which included remarks by Daphne Lingon, Senior Specialist, Jewelry, followed by a private viewing of the show, "Magnificent Jewels." As Chair of Calvary's PAC, Michael J. A. Smith joined Frank Calamari in welcoming guests and thanking them for their planned giving support.

13th Annual Trusts and Estates Attorney Conference: The PAC sponsored this annual event, entitled, "*Ethics for Breakfast: Ethical Considerations in Representing Impaired, Disabled and Abused Clients*," on September 29, which was attended by more than 300 professionals.

The program featured introductory remarks by Michael M. Mariani, Esq., Consultant, Fiduciary Trust Company International, Conference Chair and member, Calvary PAC, and a welcome from Mr. Calamari. A panel presentation followed, moderated by Hon. Nora S. Anderson, Surrogate, New York County,

and including panelists: Robert Abrams, Esq., Executive Partner, Abrams, Fensterman, Fensterman, Eisman, Formato, Ferrara & Wolf, LLP; Ira Salzman, Esq., Partner, Goldfarb, Abbrandt, Salzman & Kutzin, LLP; and Nancy S. D'Agostino, RN, MSN, Vice President, Community Patient Services of Calvary Hospital. The panel presentation was followed by remarks from Mr. Smith and Christopher P. Comfort, MD, Medical Director of Calvary Hospital.

The Hospital is grateful for the ongoing support of exhibitors who return each year. Here are two comments from two exhibitors at the 2016 conference:

“Calvary is a great organization and a worthy cause. This event serves as a great kick-off for the Trusts & Estates Community as they help their clients prepare for the important 4th quarter.”

“Since most of the attendees are from the tri-state area, we find that this event generates higher quality leads for our company, than national and regional conferences.”

Calvary's Annual Donor Appreciation Reception took place at the New York Botanical Garden on May 10. Nearly 300 guests toured the Conservatory and Garden grounds and enjoyed a cocktail reception.

Calvary's 28th Annual Golf & Tennis Classic drew more than 300 participants on Monday, August 1. The predicted rain held off, allowing our golfers to enjoy the beautiful and challenging Century and Brae Burn golf courses, and tennis players to complete their round robin competition. Participants raised more than

Professional Advisors Council

The Calvary Hospital Professional Advisors Council (PAC) was established in 2001 to assist the Board of Directors and the staff of the Hospital to secure the financial support required to operate the nation's only acute care hospital dedicated solely to the palliative care of adult patients with advanced cancer and other life-limiting illnesses. PAC members are volunteers from the legal, investment, accounting, insurance, and banking professions.

At Calvary's Golf & Tennis Classic:

Above: Jodian Savizon, the winner of the 2016 Dennis E. Berberich Calvary Care Technician Scholarship Fund with Dennis Berberich, Jr.

Below: Former *New York Times* sports writer and author, Harvey Araton (left), with Dave Kaplan, founding director of the Yogi Berra Museum & Learning Center.

\$250,000 for the Hospital's programs of care. After dinner, they enjoyed a talk about Yogi Berra with: Harvey Araton, former *New York Times* sports writer and author of the bestselling "*Driving Mr. Yogi: Yogi Berra, Ron Guidry, and Baseball's Greatest Gift*;" and Dave Kaplan, founding director of the Yogi Berra Museum & Learning Center in Montclair, NJ.

Calvary's Golf & Tennis Classic honors the memory of former Fund Board Chairman and Hospital Board Member Dennis E. Berberich. Proceeds from the tennis portion of the outing were donated to the Dennis E. Berberich Calvary Care Technician Scholarship Fund. The 2016 recipient was Jodian Savizon, who has worked as a Calvary Care Technician for 11 years. Ms. Savizon planned to use her scholarship to begin her nursing studies at the College of New Rochelle. Inspired by the commitment to patient care that she expressed so eloquently and emotionally in her acceptance speech, an anonymous donor and participant of the Golf & Tennis Classic offered to pay the remainder of her nursing school tuition in full.

To support our unique mission with a tax-deductible gift to the Calvary Fund, visit our website, www.calvaryhospital.org, or call 718-518-2077.

The Society of 1899

Calvary established The Society of 1899 to honor individuals who have made a bequest or deferred gift to the Hospital.

Description of Organization

Organization

Calvary Holding Company, Inc. (the "Company") is a not-for-profit corporation organized under Section 402 of the Not-For-Profit Corporation Law of the State of New York. The Company is exempt from Federal income tax under the provisions of the Internal Revenue Code as an organization described in Section 501(c)(3). The purpose of the Company is to engage in charitable, scientific and medical activities to support the Calvary Hospital, Inc. (the "Hospital") and its affiliated organizations which are exempt under Section 501(c)(3) of the Internal Revenue Code. ArchCare, a not-for-profit corporation, is the sole corporate member of the Company and the Hospital.

Principles of Combination

The combined financial statements include the accounts of the following organizations of which the Company is the sole corporate member:

- Calvary Fund, Inc. (the "Fund") is a not-for-profit corporation exempt from Federal income tax under Section 501(c)(3) of the Internal Revenue Code. The Fund's purpose is to solicit, accept, and receive real and personal property and to collect income therefrom to be applied exclusively for any health-related charitable organization or corporation affiliated with the Roman Catholic Archdiocese of New York. However, the current and historical intent has been to provide exclusive support to the Hospital.
- Calvary Palliative Care Network, L.L.C. (the "Network") is a limited liability company that advises, consults, as well as provides administrative and management services to physicians, including professional groups and independent practice associations, hospitals, and other healthcare providers. The Network is the sole member of Calvary Network Independent Practice Association, L.L.C., an inactive entity. The Network became inactive effective January 1, 2001.

In addition, primarily because it is under common management with the above organizations, the Hospital is included in the combined financial statements. The Hospital is a not-for-profit specialty hospital that provides services for the care of terminally ill cancer patients. The Hospital, which is operated in connection with the Archdiocese of New York, is exempt from Federal income tax under Section 501(c)(3) of the Internal Revenue Code.

Intercompany transactions and amounts have been eliminated.

CalvaryCareSM

Compassionate, loving care that we provide to our patients, wherever we care for them.

It means: managing their pain and symptoms so that they're comfortable at all times; caring for their emotional and spiritual needs as well; providing spotless facilities in the Bronx, Brooklyn, Manhattan or Queens; and often just being present for the patients and their families.
