IN MEMORY OF BLANCHE GROSSMAN

"What can you give the angels at Calvary who cared for your mom in her final days? I named Calvary in my Will."

"I thought no one could ever care for my mom like I did, until Calvary. As her caregiver for four years, I was so busy dealing with the present that I never thought about the end. So when Mom's quality of life diminished so drastically, I realized she needed more than I could give her. Thank God her doctor suggested Calvary, where I knew she would receive end-of-life care that would allow her to live her final days with dignity and respect. I felt like I had delivered her into the hands of angels. Mom received the expert acute care and hospice services she needed, and I benefited from the support Calvary provides families. Our time at Calvary was a blessing for both of us. She was truly in God's hands. I not only bought a leaf in my mother's memory on the Hospital's Tree of Life, I also named Calvary in my Will."

Calvary is the world leader in providing expert medical care for people living with palliative care needs or requiring end-of-life care.

The model and benchmark for hospice in America, Calvary was established in lower Manhattan in 1899 by a small community of widows known as The Women of Calvary, who opened their homes and hearts to eight women stricken by cancer.

Today, Calvary provides unmatched loving, compassionate, care that relieves suffering and improves the quality of life of approximately 6,000 mostly terminally ill patients (and their families) annually through a wide range of medical interventions and support services.

Our core values are compassion, caring, commitment, dignity, and non-abandonment.

More than 1,000 staff provide that care from Calvary's 200-bed hospital in the Bronx, our 25-bed hospital within NYU Langone Hospital Brooklyn and additional healthcare facilities across New York City, as well as Calvary's at-home and community-based hospice and homecare services which cater to residents throughout Greater New York.

There is nothing like *CalvaryCare*®. Anywhere.

THANK YOU CALVARY HOSPITAL

The Houlihan Family greatly appreciates the caring and compassionate staff at Calvary Hospital.

Our mom, Mary Murray Houlihan,
after many years as a devoted mother, grandmother and great-grandmother to all of us,
dedicated her time as a volunteer at Calvary, visiting patients and offering them Holy Communion.
When Mom came to Calvary in her final days she was treated with the utmost dignity and kindness.
How grateful we all were when Mom was the recipient of such dedicated palliative care in her last days.

Many thanks to all who treated Mom
and gave our family peace of mind when her needs became more than we could meet.

May you all be blessed knowing that your work is so very appreciated.

IN MEMORY OF BLANCHE GROSSMAN

"What can you give the angels at Calvary who cared for your mom in her final days? I named Calvary in my Will."

"I thought no one could ever care for my mom like I did, until Calvary. As her caregiver for four years, I was so busy dealing with the present that I never thought about the end. So when Mom's quality of life diminished so drastically, I realized she needed more than I could give her. Thank God her doctor suggested Calvary, where I knew she would receive end-of-life care that would allow her to live her final days with dignity and respect. I felt like I had delivered her into the hands of angels. Mom received the expert acute care and hospice services she needed, and I benefited from the support Calvary provides families. Our time at Calvary was a blessing for both of us. She was truly in God's hands. I not only bought a leaf in my mother's memory on the Hospital's Tree of Life, I also named Calvary in my Will."
