

CALVARY
HOSPITAL

Where Life Continues

We are all caregivers.

2022 ANNUAL REPORT

ON THE COVER:

I N M E M O R I A M

Michael J. Brescia, MD

January 11, 1933 – April 19, 2023

Our dear friend, family member, comforter, and healer, Dr. Brescia was the soul of Calvary. He was a great scientist, doctor, and colleague, and a deeply compassionate, faithful, and merciful man.

Dr. Brescia said our purpose was simple: to serve where the need is greatest among those who suffer most, to equally relieve their physical, emotional, and spiritual pain. He shaped modern hospice and palliative care in America as he journeyed with thousands of patients, and their families, on their personal roads to Calvary. We are grateful for Dr. Michael Brescia's life, and for his enduring contributions to Calvary and to our community.

Financial Highlights

A photograph of a caregiver in blue scrubs standing behind an elderly woman with white hair, wearing a pink patterned top. The caregiver has her arm around the woman's shoulder. They are outdoors in a bright, sunny setting with a blurred background of a building and greenery.

When I was burdened

with worries,

you comforted me

and made me feel secure.

from PSALM 94:19

We are all caregivers.

The Philosophy of *CalvaryCare*®

Calvary consists of **Calvary Hospital** (Bronx and Brooklyn), **Calvary@Home** – which includes our Accredited Hospice, Certified Palliative Care Consult Service, and Accredited Home Health Agency, and **The Palliative Care Institute**.

Our priorities are our patients and their families. Since 1899, *CalvaryCare*® – safe, effective, timely, loving, expert care – has been at the core of our work. We provide compassionate care that relieves suffering and improves quality of life for patients with advanced cancer and other complex, life-limiting illnesses through a wide range of inpatient, outpatient, and community services in medical and at-home settings.

Each of us, in all our roles, eases the physical, emotional, and spiritual pain and suffering of those entrusted to our care. Our values are compassion, caring, commitment, dignity, and non-abandonment.

WE BELIEVE

We are all God's children, caring for each other.

With compassion, kindness, humility, gentleness, and patience we meet the needs of mind, body, and spirit.

Personal choices made by patients and their families are to be understood and honored.

Families, friends, and loved ones are vital to every person's palliative and hospice care experience.

Palliative and hospice care are transformational experiences for patients, families, and caregivers.

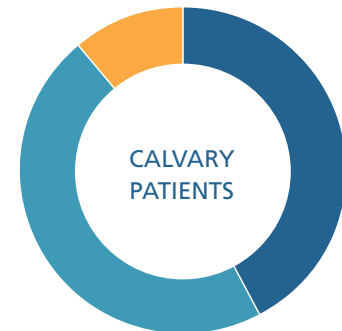

What does this mean for patients and families?

They are cared for, and loved, as unique people with individual needs.

They are our partners in care. It's our responsibility to empower them and respect their choices.

We meet every person where they are and respond to their needs.

 - 10% wound care
-

There is nothing like *CalvaryCare*.[®]

The United States Congress and the Centers for Medicare and Medicaid Services recognize Calvary Hospital as a unique entity within the nation's healthcare system. New York State also recognizes Calvary's mission with the Access to End of Life Care law, which ensures that no insurance company can deny Calvary's unique care to terminally ill patients.

The National Cancer Institute designates Calvary as an International Center for Training in Palliative Care. In addition, The National Hospice and Palliative Care Organization places **Calvary@Home** above state and national averages regarding important patient issues such as pain relief and patient education.

Calvary is licensed by the State of New York Department of Health, accredited and certified by The Joint Commission, a beneficiary of The United Hospital Fund, and a member of ArchCare.

Calvary has the *only* fully accredited acute-care hospitals in the United States devoted exclusively to the palliative care of adult patients.

**Accredited and Certified by
The Joint Commission,
Calvary achieved four
Gold Seals of Approval[®] in 2022.**

Following an unannounced, thorough on-site review of its quality and safety of care, Calvary again earned The Joint Commission's Gold Seal of Approval[®] for Hospital Accreditation (Bronx and Brooklyn) by demonstrating its continuous compliance with the Commission's performance standards.

Calvary also earned The Joint Commission's Gold Seal of Approval[®] for Home Care Accreditation and The Joint Commission's Gold Seal of Approval[®] for Community-Based Palliative Care (CBPC) Certification, the only such approval awarded in New York.

The Gold Seals of Approval[®] mean Calvary is internationally recognized for quality. Accreditation is effective for three years.

We're all caregivers, and more.

Every person associated with Calvary— from our employees to our associates, partners, and donors—is integral to easing the pain and suffering of those entrusted to our care and their families. We do *more* than care, however... we *compatior*.

Compatior, a Latin verb, means to suffer with one, to have compassion, and to feel pity. It's what makes Calvary, *Calvary*.

In our Bronx Hospital lobby, there is a commissioned sculpture, *The Compatior*, inspired, designed, and named by the late Michael J. Brescia, MD, our Emeritus Medical Director. The piece is the embodiment of Calvary's tradition to serve where the need is greatest among those who suffer the most. It memorializes our mission, representing caregivers who are intent on relieving our patients' physical, emotional, and spiritual pain.

The Compatior

Commissioned by the Calvary Hospital and Calvary Fund Boards of Directors,

The Compatior was sculpted by

Sister Margaret Beaudette, SC (1928-2017).

Florence B. D'Urso's generous gift in loving memory

of her son, David Francis D'Urso, and her brother,

Father Francis Joseph Perkosky, S.S.,

made *The Compatior* possible.

Living up to *compatior* every day is everyone's responsibility. Whether we are providing direct patient care, clinical nutrition, transport, environmental services, maintenance or administrative functions, we work together to serve and to strengthen Calvary so our patients and their families benefit the most from all we offer.

Our people serve with compassion, work to strengthen relationships, strive to problem-solve, and love without exception, *living our mission every moment.*

We are grateful to our Boards, education partners, healthcare affiliates, foundations, businesses, private individuals, and community organizations who share their passion and

MESSAGE FROM THE CHAIRMAN OF THE BOARD AND PRESIDENT

support and encourage us to do more. They all understand that the work done by Calvary directly impacts the lives of so many, like no other healthcare provider in the nation.

As COVID-19 moved more and more toward an endemic stage in 2022, Calvary—and the entire American healthcare sector—remained challenged by historical labor shortages, increased expenses, inadequate reimbursement rates, and changing models of care. Through this complexity, we found opportunities to modernize our operations and technologies, strengthen our mission, and become more efficient to better serve our communities. As we approach our 125th Anniversary (in 2024), we believe Calvary’s recent advancements will result in a more modern and resilient organization.

We are blessed and grateful. Thank you for everything you do for Calvary.

Thomas G. Ferrara

Calvary mourned the passing in 2022 of Thomas G. Ferrara, who joined the Calvary Hospital Board of Directors in 1999. Tom was a dedicated, generous advocate of Calvary, who served with love and understanding. Grateful for his devotion and charity, we were blessed to have had Tom in our loving care when he passed into Eternal Life.

CalvaryCare®

Care in the service of life.

His Eminence, Timothy Cardinal Dolan,
Honorary Chairman of the Calvary Hospital
Board of Directors, ministered at Calvary Hospital (Bronx)
in June, tending to the needs of patients
and their families, including Andris Pineda.

“Pope Francis reminds us that we are at our best as a community when we’re standing in defense and in service of life, from the moment of conception to the moment of natural death. We are there because life is sacred, and the human person is made in God’s image of lightness. And so, at every stage of human life, the Church needs to be there, the community needs to be there, families need to be there. People [at the end of life] need loving care as much as the baby in the womb. Pope Francis always talks about the culture of life. He warns against a throwaway culture. He warns about us pushing our elders and those who are fragile and those who are near death just out of the way. Calvary is just a miraculous place.”

HIS EMINENCE, TIMOTHY CARDINAL DOLAN,
speaking to staff at Calvary in June as he blessed a plaque placed at
the Tree of Life in memory of his mother, Shirley Jean Radcliffe Dolan.

Calvary, the first and only U.S. hospital committed to the palliative care of adults with advanced cancer and other life-limiting illnesses, provides end-of-life care to more people than any other single entity in the country. In 2022, 38% of Calvary Hospital patients had cancer.

CalvaryCare®
EDUCATION

Learning to provide better care.

The inaugural class of Calvary's RN Residency in Palliative and End-of-Life Care completed six months of their year-long studies near the end of 2022. Tanyse Cornelius, RN, specialized in the care of adults living with HIV/AIDS for a decade before she was *called* to Calvary. "It's genuine here. Everyone takes pride in their job and their position. You can tell that it's their hearts that truly bring them to work." On rounds, Tanyse learned that she and one of her patients shared their birthday. "[His family] wanted me to be there as he took his last breath. I was honored. That's exactly what I wanted to do; provide a better experience for everyone." Tanyse and her classmates will complete their Residency in June 2023, following a period of study with Calvary@Home.

I wanted to be someplace
that aligns with
my morals and beliefs.

TANYSE CORNELIUS, RN

Mother Cabrini
HEALTH FOUNDATION

Since 2021, The Mother Cabrini Health Foundation has provided Calvary with \$700,000 for Nurse Education, including the RN Residency Program. The Foundation supports the health and well-being of vulnerable New Yorkers, bolsters the health outcomes of diverse communities, eliminates barriers to care, and bridges gaps in health services.

Calvary made me comfortable with the uncomfortable

University of Rhode Island Juniors Becca Alder and Katie Fitzmaurice participated in their university's Susan D. Flynn Palliative Care Undergraduate Fellowship over the summer, shadowing **Calvary@Home** Nurse Practitioners Ellen Zlobinski and Katherine Cocca-Bates. "Making sure the patient is comfortable and the family is knowledgeable, that's what Katherine stressed to me," said Alder. Fitzmaurice learned that "what the patient wants, matters." And she admired the relationships that Calvary nurses had with their patients. "They treat the whole person, as well as the family. I will carry this Calvary experience with me for the rest of my career. I have become comfortable with being uncomfortable," Fitzmaurice said.

CalvaryCare® COMMUNITY

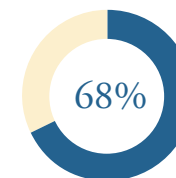

Helping the Ukrainian Community

In March, Calvary worked with the Afya and US-Ukraine Foundations to donate medical supplies to Ukraine. Calvary, and partner Medline, shipped clotting bandages, medical tape, slings, dressings, antiseptics, and more. “This is one way we can extend Calvary’s compassion,” CEO Frank Calamari said at the time, noting Calvary’s staff of 30 Ukrainian and Russian heritage. Dr. Irina Makarevich, Director of Medical Services at Calvary Brooklyn, was born in western Ukraine. She described her colleagues as one community against the war supporting each other. “We feel for all Ukrainian and Russian people...They need sterile gauze, saline, and stocks of first aid material.” Calvary employees also contributed to Catholic Relief Services and The Knights of Columbus’ Ukrainian aid initiatives.

Calvary and Afya staff unload medical supplies donated by Calvary that were shipped to the front line.

would not be the
same without
Camp Compass®

Navigating Grief

Calvary's Camp Compass®, a week-long retreat for children and teens experiencing the death of loved ones due to illnesses, accidents, or violence, celebrated 25 years in August. "I see campers smile more as they develop their coping skills. I witness it every year. And they see it too. Life continues, and it does get better," said Calvary President and CEO, Frank Calamari, who has welcomed more than 1,500 children from New York City communities since 1997 to Calvary's annual summer program. Camp Compass®'s recreation and bereavement activities engage children, draw them out, and provide opportunities for them to bond. "Calvary is another part of me, like family! They really help me through my grieving," said Jonathan, an eleven-year-old who lost his father in 2020. Calvary's Bereavement Services host approximately 30 group sessions each week throughout the year for children of all ages, as well as adults who have experienced the death of a parent, partner, child, or sibling. Generous financial supporters of Calvary's Camp Compass® include Newman's Own Foundation, Ho/Chiang Foundation, Gray Foundation, and Trimble Family Foundation.

It's not enough to simply have a good cause to *promote*, even if it is Calvary.

At the Calvary Fund, we lead growth, make connections, and inspire action. Our staff and network of supporters advocate for — and advance — Calvary, keeping Calvary a top philanthropic priority throughout Greater New York.

The Calvary Fund Leadership and Emeriti, Chairman's Council, Professional Advisors Council, Emerging Leaders Committee, patrons such as The Storrs Society and The Society of 1899, and all donors steward relations, acquire support, and collaborate with Calvary to expand its reach and make an impact far beyond our dreams. Thank you for extending your credibility to Calvary's mission, programs, and services in 2022.

As we approach our 125th anniversary in 2024, it's important to acknowledge that no matter how old, large, or successful Calvary

is, or what's happening in the world, the work of “connecting” to advance Calvary's mission is ongoing. 2022 was a difficult year for healthcare, but our fundraising efforts remained strong and our community became even more deeply engaged with our purpose and cause.

I remain indebted to Fund Vice-Chairs Eileen Nugent and Michael J.A. Smith, as well as our Emerging Leaders, Professional Advisors, and the entire Fund Board for

their great council and service to Calvary. They are a wonderful source of motivation, bringing energy and expertise, and drawing more people closer to Calvary every day.

To all donors, named and unnamed here, especially those who have given to Calvary in the memory and in honor of a loved one—thank you. Thank you for being the driving force of the Fund, for promoting responsible philanthropy, for supporting strategic planning, and for connecting with each other throughout the year to advance Calvary. Thank you for stepping up and leaning in, again and again, to provide individuals and families with the best of care.

CalvaryCare®

COMMUNITY

Care does not abandon.

Calvary traces its formation to *L'Association des Dames du Calvaire* in Lyon, France, in 1842, and the work conducted by a young widow and bereaved mother, Madame Jeanne Francois Garnier. She and other women established numerous homes for indigent women dying from cancer throughout France and Belgium. Toward the end of the 19th Century, our foundress, Mrs. Annie Blount Storrs, learned of their work and was inspired to establish the American House of Calvary in New York City in 1899. These women's principles of compassion, dignity, love, and non-abandonment are the foundation of Calvary.

This picture of *The Crucifixion 2* (50 x 30 cm, painting on wooden panel, 2019) by Bulgarian artist Julia Stankova, takes us to Calvary, where Christ was crucified. It depicts Mary, Jesus's mother; Mary Magdalene; Mary, the mother of James and Joseph; Salome, the mother of James and John; and other women who loved Jesus, gathered near the foot of the cross. Consumed by grief, they exude compassion, dignity, and love. By the hour of His death on Good Friday, most who knew Christ had abandoned Him; the Women of Calvary had not.

The image is reproduced with permission from the artist who shared with Calvary in June 2022: "You help the sick...not to be anxious, confused and scared on the verge of death, but to leave this world with dignity and bright hope."

Our community cares about the impact of its generosity.

Fundraising was and is essential for the success and longevity of Calvary.

A generous gift of \$15,000 at the turn of the 20th century enabled Calvary to expand its dwelling on Perry Street and open a second house to provide care to New York's indigent and terminally sick women. Today, generous contributions from our loyal donors through Calvary's strong fundraising programs continue to shape Calvary's excellent care, high-quality facilities, new education programs, community outreach, and many other services. Enthusiastic Board, Council, and Committee members dedicated to Calvary's overall mission nourish and sustain relationships on behalf of our patients and their families. What motivates them? Simply, the Calvary Fund and Donors are mission-driven, often with a personal connection to Calvary. Our values align. Donors also trust Calvary because they see what we do and are grateful for the care we provide. They are also engaged and understand the impact of their generosity across Calvary's programs and services. Everyone associated with the Fund in 2022 has been essential to Calvary's success. Thank you.

CALVARY GIVING SOCIETIES

CALVARY HOSPITAL
**STORRS
SOCIETY**

The Storrs Society is named after Calvary's foundress, Annie Blount Storrs. According to a May 1906 obituary in *The St. Vincent de Paul Quarterly*: *Mrs. Storrs was a member of an old North Carolina family, being a direct descendant of William Blount, who was one of the signers of the Constitution of the United States...[and] the wife of the late A. Storrs, of Albany. After his death, she went to Europe with her children and there, became interested in the work of the Women of Calvary...who devote all or part of their time to nursing destitute women afflicted with incurable diseases of a cancerous nature.*

Mrs. Storrs was affiliated with the houses of the Women of Calvary in Lyons and in Brussels.... To make the work known to Americans she translated a work called "Widows of Calvary" [and] persevered for years in her efforts to secure the cooperation of people of means, and the consent of the Archbishop of New York to establish the American House of Calvary. On June 12, 1899, she saw her long-cherished hope realized in the opening of the institution at No. 5 Perry Street.

Mrs. Storrs died suddenly of heart failure on February 19, 1906.

The question of establishing a House of Calvary in New York has been agitated, and we trust the movement may be successful...The necessity cannot be doubted.

Annie Blount Storrs

Foundress, House of Calvary;
from *The Catholic World*, Vol. LXII,
October 1895 to March 1896

The Storrs Society donor list acknowledges cumulative gifts of \$1,000 or more received by Calvary during the period of January 1, 2022 through December 31, 2022. We regret that limited space does not allow us to list gifts under \$1,000, but please know that every donation of every size has contributed to the care of our patients and their families.

My mother was a patient at Calvary in the mid-90s. I was so impressed by the high-quality loving care. The nurses were skilled, affectionate and caring. If only there were more places like Calvary.

CalvaryCare® PEOPLE

Curtis Edward Moore

Ninety-six-year-old former Montford Point Marine, Private First Class, Curtis Edward Moore— among the first African Americans to enlist in the Marines—received care from **Calvary@Home** throughout 2022. Mr. Moore shared his story about leaving home in Harlem, bound for World War II: “They took all the black candidates...and put [us] in a certain [rail] car together. And the white candidates, they were in another car...even though we all took our oath of office at Grand Central Station together.”

Scan the QR code to read or watch Mr. Moore's full CalvaryCare® story.

Lukas and Sebastian

New Rochelle brothers Lukas (left) and Sebastian (right) returned to Calvary Hospital in November, gifting Venus fly-trap plants to residents in memory of their grandmother. The pair also brought just-published copies of a book they co-authored with their mom (center) about the Leipold's 2018 Calvary experience. *When My Grandma Goes to Heaven* (Archway Publishing) is about how a little gesture of compassion, a house plant, provided hope to people struggling through life's ultimate challenge.

Christopher Comfort, MD

Chief Operating Officer Dr. Christopher Comfort was named a Notable Health Care Leader by *Crain's New York* in August because of his consummate leadership, pioneering accomplishments, ability to adjust to crises, and demonstrated commitment to mentoring. Crain's noted Dr. Comfort's devotion “to palliative care during the pandemic” and highlighted how Dr. Comfort had “developed and implemented innovative continuum-of-care programs at many city hospitals in an effort to improve end-of-life care.”

For nearly 30 years,
I have been
giving to Calvary
because of the
wonderful care
given to my
mom and dad.
I will continue
to donate to
Calvary for the
rest of my life!

Storrs Society members provide Calvary with resources to meet the needs of our patients and families.

MEMBERS FUND:

Free group and individual bereavement support for families

Spiritual guidance and counseling offered by more than 30 chaplains of all faiths

Additional safety protocols and equipment for staff, patients and visitors

Extended nursing care, in the hospital and in private homes and nursing homes

Increased one-on-one time with patients

CampCompass® and other bereavement services for grieving children

Our steadfast commitment to CalvaryCare® and the needs of our families

Forty-three years ago, when I was 28, my mother was admitted to Calvary. I will never forget the gentle care she received; her team could not have been more attentive, offering anything and everything she needed. I thank God that her end-of-life experience was met with dignity and honor, and will always support your very special work.

Caring about the challenges of caring for a growing aging population

Betty Nelson, PhD, RN Administrator,
Innovation & Special Projects at Calvary

Research published in the November 2022 issue of the peer-reviewed *American Journal of Nursing* (AJN) about disparities in end-of-life care and nurse recruitment featured expert opinion from Calvary's Betty Nelson, PhD, RN Administrator, Innovation & Special Projects. Dr. Nelson spoke about the nationwide shortage of nurses, diversity among healthcare professionals, and the challenges of caring for a growing aging population. Noting the diversity in age, gender, and race in Calvary's inaugural RN Residency Program in Palliative and End-of-Life Care,

Dr. Nelson emphasized the importance of providing cultural competency training and education among all nurses throughout the country. Dr. Nelson said a leading obstacle to nurse recruitment was that hospice was not taught in most nursing schools: "There's very little, if anything, in most undergraduate nursing curricula." AJN reported that even with 1.5 million hospice RNs employed in the US, a deficit of qualified healthcare workers who can meet the growing demand for hospice and palliative care is expected over the coming decades.

...a leading obstacle to nurse recruitment was that hospice was not taught in most nursing schools...

The Society of 1899 commemorates the year Calvary was established and continues to honor the *Women of Calvary* in New York and their legacy of comfort, care, and compassion. The Women's aim was to furnish a home for women who were sick with cancer, poor and homeless, according to a 1902 edition of *The Catholic World*. The Society of 1899 recognizes donors during their lifetime for their legacy of care for those most in need.

For more information on becoming a Society of 1899 member, or for other planned giving opportunities, please contact Amy Cassidy, Director of Development, at 718.518.2076 or acassidy@calvaryhospital.org

One of the original members was Mrs. Catherine Cecilia Minford McParlan, a fireman's widow who served as the administrator of the House of Calvary for decades. It was reported that at even 100 years of age, and in her wheelchair, Mrs. McParlan would go to the wards to visit and comfort her patients. She served 15,000 Calvary patients over her lifetime.

EVENTS

39th Annual Awards Gala November 22, 2022, The Pierre, NYC

More than 300 people celebrated all things Calvary, with the Gala returning to an in-person format after two years of virtual engagements due to COVID-19. Ryan P. Field, *Eyewitness News* Sports Anchor, WABC-TV, served as the Master of Ceremonies for the evening's festivities.

Calvary Fund Chairman, Carlos Hernandez, Executive Chair of Investment and Corporate Banking at JPMorgan Chase, presented the 2022 Calvary Medal to BNY Mellon's Chief Financial Officer, Emily Portney, for her outstanding civic commitment and special service to Calvary Hospital.

The Houlihan Family, who has supported Calvary for decades, was presented with The Spirit of Family Award. May, married to Jim for 65 years, was a dynamic volunteer

A highlight of the Gala was RAIN: A Tribute to the Beatles, which had guests hitting the dance floor!

and advocate for Calvary. Her brother, Msgr. Jim Murray, the distinguished Executive Director of Catholic Charities, served on our Board and was awarded the Calvary Medal in 1991. May and Jim's son, Bill, accepted the award presented by Calvary Hospital Chairman, John Decina, on behalf of his siblings, Jim, Jack, Mary, Tom and Pat.

EVENTS

34th Annual Golf & Tennis Classic August 1, 2022, Westchester's Brae Burn and Century Country Clubs

More than \$250,000 was raised for Calvary at the summer classic, which drew nearly 200 guests. Starting with a colorful brunch and concluding with a lavish dinner, the players—who also participated in silent auctions and raffles—dedicated their time on the greens and the clay to Calvary's Healthcare Heroes. Prize-winning golf and tennis players also won Amazon Gift Cards for their Calvary Hero counterpart. The Calvary Classic is dedicated in loving memory of Dennis E. Berberich, a devoted member of the Calvary Hospital Board and the Chairman of the Calvary Fund Board from 1985 until his passing in 2002.

Dennis dedicated his life's work to the growth and success of the Hospital's programs of care. He was an enthusiastic supporter of the Calvary Hospital Golf Classic, and his love of the court resulted in the addition of tennis as part of the outing. Proceeds from the tennis portion of the event contribute to the Dennis Berberich Scholarship Fund for *CalvaryCare*® Technicians. His son, Dennis M. Berberich, served as Co-Chair of the Classic with Maryann Farrell and Joseph L. Nunziata. Special gratitude is extended to Dennis, Maryann, and Joseph for their leadership of this signature Calvary fundraiser.

If we have made an error in spelling or omitted your name in the donor listings, please accept our apology, and we encourage you to call the Calvary Fund Office so that the error can be corrected.

"Calvary would never have been able to bloom,
as it were, without the support of individuals like you."

JOHN A. DECINA, CHAIRMAN OF THE CALVARY HOSPITAL BOARD

**Annual Spring Donor
Appreciation Reception
June 8, 2022, The New York
Botanical Garden, Bronx**

The New York Botanical Garden reminded us in June that there is a time for everything, that life is beautiful, and life does continue... Nearly three hundred people gathered for the Annual Spring Donor Appreciation Reception and the *Garden's Around the Table: Stories of the Foods We Love* exhibit where they explored the diversity and beauty of plants grown for cuisines enjoyed around the world. The tour was followed by a sensational cocktail hour, buffet dinner, and live music from the Janelle Jazz Trio.

Organization

Calvary Holding Company, Inc. (the “Holding Company”) is a not-for-profit corporation organized under Section 402 of the Not-For-Profit Corporation Law of the State of New York. The Holding Company is recognized by the Internal Revenue Service as exempt from federal income tax under the provisions of the Internal Revenue Code (“IRC”) as an organization described in Section 501(c)(3). The purpose of the Holding Company is to engage in charitable, scientific, and medical activities to support Calvary Hospital, Inc. (the “Hospital”) and its affiliated organizations which are exempt under Section 501(c)(3) of the IRC. ArchCare, a not-for-profit corporation, operated in connection with the Roman Catholic Archdiocese of New York, is the sole corporate member of the Holding Company.

Principles of Combination

The combined financial statements of the Holding Company and affiliates include the accounts of the following organizations of which the Holding Company is the sole corporate member:

- Calvary Fund, Inc. (the “Fund”) is a not-for-profit corporation recognized by the Internal Revenue Service as exempt from federal income tax under Section 501(c)(3) of the IRC. The Fund’s purpose is to solicit, accept, and receive real and personal property and to collect income therefrom to be applied exclusively to any health-related charitable organization or corporation affiliated with the Roman Catholic Archdiocese of New York. However, the current and historical intent has been to provide exclusive support to the Hospital.

- The Holding Company is also the sole member of Calvary Network Management Services, LLC, an inactive organization.

In addition, primarily because it is under common management with the above organizations, the Hospital is included in the combined financial statements. The Hospital is a not-for-profit specialty hospital that provides services for the care of terminally ill cancer patients. The Hospital, which is operated in connection with the Roman Catholic Archdiocese of New York, is exempt from federal income tax under Section 501(c)(3) of the IRC.

Intercompany transactions and amounts have been eliminated.

You take what some would consider to be
the most difficult part of life and make it beautiful.

E.M.

When I was burdened with worries, you comforted me and made me feel secure.
— **Psalm 94:19**

Dear Mr. John Samples,

At Calvary, you and I are part of every patient's journey, helping to ease the pain and suffering of all those entrusted to our care – as Pope Francis says – “*by giving space to grace and charity.*”

On the cover of this edition of our Annual Report is a picture of Calvary Medical Director Emeritus, Dr. Michael J. Brescia, embracing a patient. A man full of grace and charity with a positive vision of life, Dr. Brescia's daily practice and lifelong belief was to be present, to touch, to hold, and to say, “*I love you and promise never to abandon you.*”

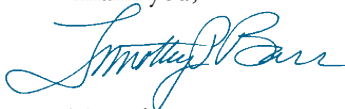

Dr. Brescia passed away in April of this year, having cared for thousands of men, women, children, and families over six decades at Calvary, defining and perfecting our enduring tradition of care marked by compassion, commitment, dignity, and non-abandonment.

I was privileged to have known and worked with Dr. Brescia. He lightened many burdens, even those of which he was not aware, and saw many burdens as blessings in disguise. His words to patients and families were always measured, gentle, and reassuring: “*You don't have to carry this alone.*”

We are not alone in the work that we do at Calvary – we have you and more than 18,000 friends supporting our patients, families, doctors, nurses, technicians, pastoralists, and counselors. Thank you for sharing the blessings and burdens with us, for the extraordinary expression of faith in our mission, and for carrying us every day.

Please consider extending your generous support to Calvary. Your tax-deductible gift will bring peace to our patients and comfort to their families – while continuing Dr. Brescia's legacy. We are sustained by your friendship, your prayers, and everything you do for Calvary.

Thank you,

Timothy P. Barr
Executive Vice President
The Calvary Fund, Inc.

P.S. At a memorial for Dr. Brescia in June, Calvary's Rabbi Rachmiel Rothberger concluded the service by describing Dr. Brescia's *touch of love* as *eternal* and said that Dr. Brescia was the essence of *Chesed Shel Emes*, or *Kindness of Truth*. A tenet of Jewish ethics and theology, the Hebrew Chesed (חסד), translates to *loving-kindness, compassion, or love*. It is the highest level of kindness anyone can give. And Dr. Brescia gave it his all.
